CANDLESTICK

Unique ID: MAS-O100041

Object type certainty: Certain
Workflow status: Published

One green glass candlestick measuring 5.5 inches high and 3.5 inches wide. This candlestick is thought to date to the 19th century.

Notes:

This item was found along with a gin bottle (MAS-D100053) and is similar to other candlesticks discovered (MAS-D100039). All of these items were recovered from the wreck of *Josephine Willis*, a New Zealand sail and steam propelled packet ship built in *c.*1840. The ship was carrying 110 people on board bound for Auckland, comprising ten First class passengers, 60 steerage and 40 crew. It sank in 1856 following a collision with *Mangerton* with the loss of 69 lives. NRHE and Kent HER reference numbers cited in this record refer to the wreck of *Josephine Willis*.

Class: HEATING AND LIGHTING **Sub class:** UPRIGHT CANDLESTICK
